Highpoint Shopping Centre

Highpoint Shopping Centre 1

Highpoint Shopping Centre is the fourth largest shopping centre in Australia, featuring over 500 stores including Australian and international designer fashion, homewares and lifestyle brands.

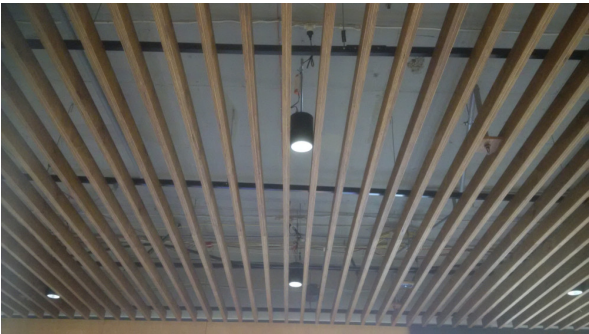

As one of Australia’s leading retail destinations, it provides western Melbourne with the region’s first David Jones department store that joins Myer, Target and Big W, as well as several international retailers including Zara, Apple and Samsung.

Highpoint also boasts a thriving fresh food market and a large food court with a vast range of cafes and restaurants. As one of only two cinemas in Melbourne showcasing IMAX, Highpoint is a destination for quality entertainment. The centre provides a strong retail experience for customers and provides the western region of Melbourne with an extensive retail, entertainment and lifestyle offer.

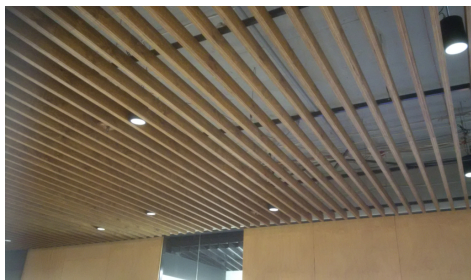

Decrolux replaced existing fittings in the centre with quality updated LED fittings in a lighting upgrade that truly enhances the shopping experience for customers.
