Mt Eliza Aged Care

Mt Eliza Aged Care

New Development

The Mt Eliza Aged Care Facility, in Mt Eliza, Victoria, marks a significant milestone in a five-year journey to create an exceptional living and care experience for the local community. This newly developed, multi-level facility offers premium hotel-style rooms and suites, accommodating up to 150 residents. It also features a diverse range of social and recreational options for residents and their families.

Decrolux is proud to have contributed to this project by delivering a comprehensive lighting design and premium product solutions for both interior and exterior lighting. We provided Kargo 15W & 18W, Burnet 30W, Lygon 20W, Morgan 12W, and Carson 23W lighting fixtures.
