

ALPHA-M 38W

Adjustable Tracklight

Classic Series

Proven. Quality. Customisable

Track lighting is used because of its flexibility in positioning fittings, and removing or adding fittings to achieve the correct luminance levels. It can focus the viewer's attention onto a piece of art work or display.

Alpha S perfectly combines design and function. Optimized passive cooling system ensures low temperature and long lifetime of LED.

The Alpha Track Light is an architectural design, a high lighting quality, with optimised efficiency. Ideal for museums, art galleries, restaurants and reception areas.

SPECIFICATIONS
