

# Decrolux Panel Light Suspension Kit

**Classic Series**

Proven. Quality. Customisable

The Decrolux Suspension Kit is the ideal solution for installing panel lights in open ceilings or architectural spaces where a suspended look is desired. Suitable for offices, retail environments, and fitouts with high or exposed ceilings.

The kit includes adjustable cables that allow you to set the panel light at the perfect height, delivering balanced illumination with a modern aesthetic. Pair with Decrolux Panel Lights for a clean, professional result with minimal visual clutter.
