# MILAN 55W

## Round 550mm Ceiling Light

With a diameter of 550mm, the MILAN 55W Oyster Light is the largest size in the series. With a modern slimline profile, it creates a subtle architectural statement with soft diffused light and minimal glare. Available in a black or white textured power coated finish, its flush design is ideal for residential or commercial spaces with lower ceilings. For higher ceilings or to create a more dramatic impact, the MILAN can be suspended.
