

CHAMELEON 11W

RGBW Strip Light 24V

Classic Series

Proven. Quality. Customisable

The CHAMELEON 11W/m RGBW Strip light 24V is a versatile and durable strip light that is ideal for both commercial and residential use. With 144 LEDs emitting red, green, blue and white light, it offers a wide range of colour options for customisation. Its flexibility allows it to be easily shaped to fit any space, while its heat-shrunk plastic outer protection and IP54 rating provides added durability and protection against the elements. The peel-off adhesive connection method makes installation quick and easy.

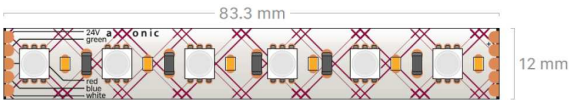

IP54 **RGBW**

SPECIFICATIONS
