

Streetlight Bracket

Corner Mount

The DEX Streetlight Brackets are exceptional in terms of strength. This bracket is used for positioning street lights on corners of buildings, and is resistant to extreme weather conditions. Being stylish in appearance and easy to install, it is widely demanded by our clients.

Whatever the situation, whatever the application, we manufacture an extensive range of lighting brackets for your lighting bracket and sign-post needs. We design and manufacture all our brackets here in the Australia, and we also have in-house painting facilities, so we can finish any of these brackets to suit your requirements.
