

# MODULO-A 2W Square Surface Step Light

**diomede**

let there be light

The Modulo A is an IP rated square path light, compact enough for both indoor and outdoor applications.

A marine-grade aluminium alloy housing treated with polyester powder coating makes the Modulo A family suitable for installation in the most harsh environments. The anodised aluminium reflector in silver or optional specular brass also gives to the Modulo an innovative and modern look. This versatile wall light offers a range of IP-rated or Non-IP rated remote drivers that can be easily integrated into any home or professional automation systems. Premium Quality, Italian Made product.

**IP65** **MADE IN ITALY**
