Efficient. Cutting Edge. Reliable

DIPLOMAT 30W

Round Surface Can Light

The DIPLOMAT Large surface mounted ceiling light features an COB LED chip that ensures efficient illumination. With its aluminium profile, the light offers excellent thermal dissipation, allowing for prolonged use without overheating. The light also boasts an isolated flicker-free non-dimmable driver solution, ensuring a stable and reliable working performance. Its IP65 rating makes it suitable for outdoor applications, while its versatility extends to commercial and residential settings such as offices, supermarkets, shops, schools, hotels, restaurants, workshops, warehouses, and homes.

SPECIFICATIONS
