

Horizon Mid Hinge Pole 6.0m

Horizon Mid Hinge Pole 6.0m lighting poles are a simple but effective solution for maintenance access, eliminating the need to use ladders or elevated work platforms for tasks such as cleaning CCTV cameras. These can be used in a variety of scenarios including mine sites, large carparks, airports, and rail yards where poles are hard to access with a crane and require regular maintenance. Standard pole heights are 4.0m – 10.0m for a Mid Hinge design.
