

HUME 300W

Linear Highbay

The HUME 300W Linear Highbay is a major advancement in replacing fluorescent aisle light products found in today's warehouse lighting sector. It is the new benchmark in linear lighting surpassing traditional light sources in terms of versatility, energy efficiency and weather/vandal resistance.

Using our HUME Linear Highbay is the most efficient way of lighting narrow aisles, using our precisely designed asymmetric optics. For lighting Warehouse Aisles.

IP66

SPECIFICATIONS

Material Specifications

Material	Aluminium Housing
Finish	Black Anti-Corrosive Powder Coat
Dimensions	855mm(L) x 290mm(W) x 125mm(H)
Ingress Protection	IP66
Weight	11.0 kg
Warranty	5 Year Replacement

Electrical Specifications

Power Supply	SOSEN
Options	1-10V Dimming Available
Operating Temperature (Ta)	-20°C to +55°C
Connection Method	Australian 3-Pin Plug + 1.2m Lead
Input Voltage	240V

Optic Specifications

Light Source	Lumileds EMC3030, 300W LED
Optics	PMMA Lens
Nominal Lumens	47,800lm
CRI	80Ra
Rated Lifetime (L70B20)	50,000 Hrs

VARIATIONS

LC2329	HUME 300W Linear Highbay, Black, 90°x60°, Non-Dim, 5700K
LC2335	HUME 300W Linear Highbay, Black, 145°x70°, Non-Dim, 5700K
