INFINITY 6W

Narrow LED Strip Light CRI95

The INFINITY LED Strip Series is a neat, unobtrusive means to layered lighting. This beautifully small 4mm strip fits into almost any nook or cranny, whilst providing your home or work space with a gorgeous glow. Perfect for spaces with intimate settings and low light requirements, applications could include soft lighting under bench tops, behind a bar and recessed in tight cavities in walls and ceilings to animate dark spaces with light. The 6W LED Strip is the smallest version in the series that utilises the latest generation SMD 2216 Chipset and is mounted on 4mm PCB backing.
