

MILTON 100W

Linear Highbay

The MILTON 100W Linear Highbay sets a new standard for warehouse lighting, replacing outdated fluorescent aisle lights with superior efficiency and durability. Designed for narrow aisles, its precision-engineered asymmetric optics deliver optimal illumination while maximising energy savings. This cutting-edge fixture outperforms traditional lighting with enhanced versatility, weather resistance, and vandal-proof construction. Ideal for industrial settings, the MILTON Linear Highbay ensures superior performance, longevity, and reduced operational costs, making it the smartest choice for modern warehouse lighting solutions.

SPECIFICATIONS

Material Specifications

Material	Aluminium Housing
Finish	Anti-Corrosive Powder Coat
Dimensions	486mm(L) x 137mm(W) x 102mm(H)
Ingress Protection	IP66
Warranty	5 Year Replacement

Electrical Specifications

Power Supply	Sosen ELG-C Driver, Non-Dim
Options	1-10V Dimming Available
Operating Temperature (Ta)	-20°C to +55°C
Connection Method	Australian 3-Pin Plug + 1.2m Lead
Input Voltage	240V

Optic Specifications

Light Source	Lumileds EMC3030, 100W LED
Optics	PMMA Lens
Efficacy	160lm/W
CRI	80Ra
Reported L70 (Hours)	>50,000 Hrs

VARIATIONS

MLT100-AS-4K-ND	MILTON 100W Linear Highbay, Black, Asymmetric, Non-Dim, 4000K, 15,665lm
MLT100-AS-4K-DA	MILTON 100W Linear Highbay, Black, Asymmetric, DALI, 4000K, 15,665lm
