NEO K2.0

Adjustable Mount Ring

The K2.0 Mount Ring is a versatile accessory for LED modules that comes in both matt white and matt black options. Its adjustable feature allows for precision positioning, making it ideal for both functional and aesthetic purposes. The 90mm cutout size makes it compatible with a wide range of LED modules, adding to its versatility. It's a great choice for anyone looking to enhance their lighting setup with a high-quality, customisable accessory.
