

# RONAN 20W

## Exterior Wall Light

dynamic series

Efficient. Cutting Edge. Reliable

The RONAN 20W outdoor slim wall light is a durable option for upgrading traditional Slim Wall Pack light fixtures. Made with aluminium triangle extrusion and polycarbonate with a black powder coat, the light is weather-resistant and long-lasting. This light is easy to install and requires minimal maintenance, while its low profile design makes it ideal for outdoor spaces that require lighting without being too obtrusive, and its asymmetric optic makes it dark sky friendly.
