

# RONAN 40W

## Exterior Wall Light

dynamic series

Efficient. Cutting Edge. Reliable

The RONAN 40W outdoor slim wall light is a durable option for upgrading traditional Slim Wall Pack light fixtures. Made with aluminium triangle extrusion and polycarbonate with a black powder coat, the light is weather-resistant and long-lasting. This light is easy to install and requires minimal maintenance, while its low-profile design makes it ideal for outdoor spaces that require lighting without being too obtrusive, and its asymmetric optic makes it dark sky friendly.
