SAFFIRE 1W

Surface Step Light

The SAFFIRE Wall Light is expertly designed for durability and aesthetic enhancement. Its elegant curves and slim profile contribute to a timeless style, while the discreetly housed 1W LED minimises glare. The unique central panel conceals mounting and connection points, making it an ideal luminaire for steps, low walls, pillars, or entry gates. The compact yet resilient design ensures it withstands the elements, providing both functionality and aesthetic appeal to its surroundings.
