

VOGUE 28W Diffused Panel Light

1200x300

Classic Series

Proven. Quality. Customisable

The VOGUE 28W LED Panel Light offers smooth, uniform illumination with no visible bulbs or hot spots, thanks to its high-quality optical diffuser. Optional air handling vents improve heat dissipation, enhancing performance and lifespan. Ideal for commercial applications, it provides reliable and energy-efficient lighting. The 4000K version is suitable for cyanosis observation, meeting compliance standards with a COI of 2.0. Sleek and functional, VOGUE is a dependable solution for professional, medical, or general workspace environments.
